BUSINESS ASSISTANCE GUIDE

A REFERENCE GUIDE FOR EXPANDING, RELOCATING AND START-UP COMPANIES IN

Charlotte County

August 2015
CHARLOTTE COUNTY, FLORIDA’S *Business Assistance Guide* is compiled for information purposes only and does not attempt to address all aspects of the applicable United States, Florida and Charlotte County laws. While every effort has been made to verify accuracy, we strongly recommend contact with the appropriate federal, state and local government agencies, business advisors and the Charlotte County Economic Development Office (EDO) for the most up-to-date information.

Checklist for Starting a Business

✓ Select Business Structure Type

✓ Prepare Business Plan

✓ Arrange Business Financing

✓ Determine Business Location

✓ Obtain Required Licenses and Permits/ Registration

✓ Review Reporting Requirements
Depending on the type of business, owners may need to acquire both city and county licenses, as well as any special licenses pertinent to the type of business being started.

BUSINESS TAX RECEIPT (formerly Occupational License)
Before your business occupies a space – either newly built, retrofitted, or move-in ready – the following steps must be completed:

1. **Fictitious Name, Incorporation and LLC:** The Fictitious name must be advertised in the local news one time. We will need to see copies of the advertisement. The Fictitious Name must be filed with the State of Florida at www.sunbiz.org before we can issue a Business Tax Receipt.

2. **Zoning Department:** The location of the business and the use proposed must be approved. A Change of Occupancy Form must be completed. The form is available at the Charlotte County Zoning Department, located at 18400 Murdock Circle (941-743-1201) or online at http://www.charlottecountyfl.gov/dept/commdev/Pages/Forms-Documents-Listing.aspx#Zoning. Once the form is completed and submitted, inspection visits for plumbing, electric, fire and zoning will be scheduled and inspection fees will be applied. If property is on septic, you must obtain an authorization form from the Health Department at 18500 Murdock Circle, Port Charlotte room 203 (941-743-1266), and pay a fee ranging in amount depending on the system. A Certificate of Occupancy will be issued by the Community Development Department.

3. **IRS or Social Security Number (last four digits):** A Business Tax Receipt may NOT be issued without one. Go to www.irs.gov for a Federal Tax ID Number.

4. **Business Tax Receipt:** The Tax Collector will issue a Business Tax Receipt for a commercial business location after all the above steps are completed. After a Business Tax Receipt is issued, it may be renewed online at www.cctaxcol.com.

If there is a question regarding the requirement for a city license, contact the City Clerk’s Office. If there is a question regarding the requirement for a county tax receipt, contact the Charlotte County Tax Collector’s Office.

Registering a business in Florida requires an entity to register not only at the local level, but also with the State of Florida. Corporate entities are usually required to register with the Division of Corporations, while many professions are required to register with the Department of Business and Professional Regulation. Contact the organizations below for more information and to determine your registration requirements.

DIVISION OF CORPORATIONS
The following are services handled through the Division of Corporations:
• Fictitious Name Registration
• Service Mark Registration
• Alien Corporation
• Limited Liability Company
• Corporation - for Profit and not for Profit
• Trademark Registration
• Foreign Corporation
• Partnerships
• Federal Tax Liens

For more information contact:
Florida Department of State, Division of Corporations, Corporate Filings
Information and Forms

DEPARTMENT OF BUSINESS AND PROFESSIONAL REGULATION
The Department of Business and Professional Regulation deals primarily with activities relating to the business-related regulatory functions and the professions-related regulatory functions. Divisions within the DBPR include:
• Division of Administration
• Division of Pari-Mutuel Wagering
• Division of Hotels and Restaurants
• Division of Florida Land Sales, Condominiums and Mobile Homes
• Division of Alcoholic Beverages and Tobacco
• Division of Professions and Professional Boards
• Division of Real Estate
• Division of Certified Public Accounting
• Division of Regulation
• Division of Service Operations
• Division of Technology
• State Boxing Commission
• State Technology Office

All businesses interested in operating in the State of Florida should review the following requirements.

ARTICLES OF INCORPORATION
- Articles of Incorporation must be prepared and executed for all corporations.
- Foreign corporations (non-Florida corporations) must have an office or registered agent located within the State of Florida.
- Foreign corporations, like Florida corporations, are responsible for filing annual reports and are treated equally in all other respects.

Appropriate forms and additional information can be obtained by contacting:
Florida Department of State, Division of Corporations, Corporate Filings
Information and Forms

WORKERS’ COMPENSATION

- Florida law requires employers to insure their employees against job related accidents:
  - if you are in an industry other than construction and have four or more employees, full-time or part-time, including yourself;
  - if you are in the construction industry and have 1 or more employees, full-time or part-time, including yourself;
  - if you are a state or local government;
  - if you are a farmer who employs more than 5 regular employees and not more than 12 other workers for seasonal agricultural labor lasting 30 days or more.

- An employer having employees in occupations which are excluded or exempt from coverage may voluntarily obtain coverage to avoid the risk of being sued by their employees in case of a work-related accident.

- To secure Worker’s Compensation Insurance, contact your local insurance agent.

Additional information can be obtained by contacting:

State of Florida, Division of Workers’ Compensation
200 East Gaines Street
Tallahassee, FL 32399-4228
T - (850) 413-1601 or T - (800) 742-2214

OCCUPATIONAL SAFETY
AND HEALTH ADMINISTRATION (OSHA)

OSHA’s mission is to assure the safety and health of America’s workers by setting and enforcing standards; providing training, outreach, and education; establishing partnerships; and encouraging continual improvement in workplace safety and health.

OSHA SERVICES

OSHA and its state partners have approximately 2100 inspectors, plus complaint discrimination investigators, engineers, physicians, educators, standards writers, and other technical and support personnel in more than 200 offices throughout the country. This staff establishes protective standards, enforces these standards and reaches out to employers and employees through technical assistance and consultation programs.

EMPLOYEES CAN EXPECT OSHA TO:

✓ Promote their participation in the development and implementation of work site safety and health programs and OSHA interventions such as inspections and onsite consultants.

✓ Respond promptly to their requests for correction of serious hazards at their workplaces.

✓ Advise employees of their safety and health rights and responsibilities, and complete within 90 days investigations of charges of employer discrimination against employees involved in such activities.

EMPLOYERS CAN EXPECT OSHA TO:

✓ Help them identify and control workplace hazards by offering a choice between partnership and traditional enforcement.

✓ Focus OSHA inspections on the most serious hazards in the most dangerous workplaces.

✓ Be respectful and professional.

THE GENERAL PUBLIC CAN EXPECT OSHA TO:

✓ Make regulations and interpretations user-friendly.

✓ Work in partnership with business and labor to develop new standards that make real sense to real people.

✓ Expand training opportunities for private sector employees.

✓ Provide better access to OSHA information through publications and online materials.

The tax structure in the State of Florida and Charlotte County are favorable for business expansion and start-up. The following taxes are applicable as noted.

**PRINCIPAL TAXES**

- Taxes are levied in the State of Florida and by local governments under State authority. The State of Florida Department of Revenue is responsible for tax administration.

- Sole proprietors, estates of decedents, and testamentary trusts are not subject to a Florida income tax.

- Businesses operating in Florida are subject to the following state and local taxes, all of which are generally deductible expenses in determining income for federal tax purposes.
  - Corporate Income Tax
  - Payroll Taxes
    - Unemployment
    - Worker’s Compensation Insurance
  - Sales and Use Tax
  - Property Taxes
    - Real and Tangible Property
    - Intangible Property
  - Excise Taxes

- Partnerships having a corporate partner are required to file information returns.

- Limited Liability companies are subject to Florida corporate income tax, regardless of partnerships, as determined for federal purposes.

[http://dor.myflorida.com/Pages/default.aspx](http://dor.myflorida.com/Pages/default.aspx)

Note: For exact tax information, contact a Certified Public Accountant (C.P.A.). See Appendix B.
CORPORATE INCOME TAX

⇒ All corporations (including tax-exempt organizations) doing business, earning income, or existing in Florida must file.

⇒ Florida corporate income tax liability is computed using federal taxable income, modified by certain Florida adjustments, to determine adjusted federal income.
  • A corporation doing business outside Florida may apportion its total income. Adjusted federal income is apportioned to Florida using a three-factor formula. The formula is a weighted average, designating 25 percent each to factors for property and payroll, and 50 percent to sales.
  • You should add nonbusiness income allocated to Florida to the Florida portion of adjusted federal income.
  • You should then subtract an exemption of up to $50,000 to arrive at Florida net income.
  • Finally, you should compute tax by multiplying Florida net income by 5.5 percent.

INTANGIBLE PERSONAL PROPERTY TAX

⇒ The nonrecurring tax on a note, bond, or other obligation for payment of money that is secured by a mortgage deed or other lien on real property.

⇒ The recurring tax on the lease of real property owned by a government and leased to a non-governmental entity when rental payments are due.

SALES AND USE TAX

Florida Sales Tax (6%) plus County (1%). 7% is imposed on:
  ⇒ Each sale, admission charge, storage, or rental unless the transaction is specifically exempt
  ⇒ If you buy a taxable item in Florida and didn't pay sales tax
  ⇒ If you buy an item tax-exempt intending to resell it and then use the item in your business or for personal use
  ⇒ If you buy a taxable item outside Florida and bring it into or have it delivered into Florida and you did not pay sales tax on the item

For information and forms contact:
Florida Department of Revenue
Fort Myers Service Center
2295 Victoria Avenue, Suite 270
Fort Myers, FL 33901-3871
T- (239) 338-2400  or  Toll Free: (800) 352-3671
http://dor.myflorida.com/Pages/default.aspx

Note: For exact tax information, contact a Certified Public Accountant (C.P.A.). See Appendix B.
TANGIBLE PERSONAL PROPERTY TAX

⇒ Tangible Personal Property means all goods, chattels, and other articles of value (excluding some vehicular items) capable of manual possession and whose chief value is intrinsic to the article itself. Inventory and household goods are excluded.
⇒ Anyone who owns TPP on January 1 and who has a proprietorship, partnership, or corporation, or is a self-employed agent or a contractor, must file a tangible personal property return to the property appraiser by April 1 each year.
⇒ Property owners who lease, lend or rent property must also file.

RETAIL SALES TAX

⇒ Florida’s Retail Sales Tax is 6%, imposed on tangible personal property items sold at retail to the ultimate consumer.
⇒ Purchases of certain machinery and equipment by qualifying manufacturers are exempt, after following a permitting process for new and expanding businesses.
⇒ Groceries, prescription medicines, household remedies, and most services are exempt.
⇒ Farm equipment used in plowing, planting, cultivating, and harvesting is taxed at 2.5%.

ESTATE, GIFT AND INHERITANCE TAXES

⇒ Florida has no gift tax.
⇒ Florida does not impose an inheritance tax on the estate beneficiary.
⇒ No estate tax is imposed on estates of residents or citizens of Florida by the state in excess of the credit allowed by the federal tax. Therefore, the Florida Estate Tax does not increase the total amount of tax to be paid by the estate.

EXCISE TAX

⇒ An excise tax is a tax directly levied on certain goods by the state government. The most prominent excise taxes collected by the Florida state government are the fuel tax on gasoline and the so-called "sin tax" collected on cigarettes and alcoholic beverages.
⇒ Excise Tax information can be found on the State's web site at http://www.myfloridalicense.com/dbpr/abt/rules_statutes/tax_rate_info.html
PAYROLL TAXES

⇒ Businesses are required to withhold estimated amounts due for Federal Income Tax and Social Security (retirement) Tax from wages paid to employees.

⇒ In addition, employers are required to withhold Unemployment Tax if they meet any of the following conditions:
  ✓ Quarterly payroll of $1,500 or more in a calendar year.
  ✓ One or more employees for a day (or portion of a day) during any 20 weeks in a calendar year.
  ✓ Agricultural employer with five or more workers for a day (or portion of a day) during any 20 weeks in a calendar year, or a $10,000 cash payroll in any calendar quarter.
  ✓ Private home or college club that paid $1,000 cash in a quarter for domestic services.
  ✓ Liable for federal unemployment tax.
  ✓ All or part of a liable business purchased, or the combination of existing payroll/employment and that of the business purchased meets the liability criteria.
  ✓ Nonprofit organization as defined in section (s.) 3306(c)(8) of the Federal Unemployment Tax Act and s. 501(c)(3) of the Internal Revenue Code and four or more employees for a day (or portion of a day) during any 20 weeks in a calendar year.
  ✓ State, county, city, or joint governmental unit.
  ✓ Indian tribe or tribal unit.
  ✓ Previously liable for reemployment (unemployment) tax in the State of Florida.
  ✓ The minimum and maximum tax rates, effective January 1, 2015, are as follows (based on annual salary up to $7,000 per employee):
    • Minimum rate: 0.0024 or $16.80 per employee
    • Maximum rate: 0.0540 or $378 per employee

For more information, read the 2015 reemployment tax rates fact sheet.
DOCUMENTARY STAMP TAX

⇒ Documentary stamp tax is levied at the rate of $.35 per $100 (or portion thereof) on documents that are executed or delivered in Florida, for example:
  · Notes and other written obligations to pay.
  · Certain renewal notes.
  · Bonds (original issuance).
  · Mortgages.
  · Liens.

⇒ Florida law limits the maximum tax due on notes and other written obligations to $2,450. However, there is no limit on the documentary stamp tax due for mortgages or liens filed or recorded in Florida.

⇒ A reference sheet is available to help determine the correct amount of documentary stamp tax due on documents that transfer an interest in Florida real property.

CHARLOTTE COUNTY INCENTIVE DEVELOPMENT PROGRAM

The Charlotte County Economic Development Incentive Program was adopted by the Board of County Commissioners to advance the mission of the County’s Economic Development Office.

The Program was specifically created to:
- Produce high-wage value added jobs;
- Reduce the tax burden on residential properties by increasing non-residential tax revenues; and,
- Reduce the impact of economic downturns by diversifying the local economy.

The core of the Program is based upon two (2) vehicles – incentives for job development and incentives for capital investment. Any business that produces the required number of “Quality Jobs” (as defined below) and meets certain basic Program requirements is eligible to participate in the Program. Program participants are eligible to receive both employment and capital incentives following approval of their Program Application.

Employment Incentives

Employment Incentives are linked to Targeted Industries, as identified by Charlotte County, to include those industries identified by Enterprise Florida, Inc. as a Qualified Target Industry or members of the aviation or marine industries. (Ordinance 2007-055) A business must have the ability to generate and maintain at least ten (10) “Quality Jobs” within Charlotte County and must meet the fifty-one (51) percent export sales requirement, unless other measures are met as identified in the Ordinance. Quality Jobs are full-time jobs that:
1. Provide individual wages that equal or exceed the wage levels discussed below;
2. Provide full-time, year-round employment for ninety (90) percent or more of the total payroll of the company;
3. Provide a safe work environment (as defined in the Ordinance); and,
4. Provide a contribution equal to or exceeding fifty (50) percent of health insurance premiums for all full-time employees.

Quality Jobs must generally be created within two (2) years and must be kept filled for a minimum of two (2) years over a specified period. Except for County fiscal limitations, there are no limits upon the number of Quality Jobs for which a participant may receive Incentives. Employment Incentive amounts are based on the Charlotte County Average Annual Wage, as established by the State of Florida Incentives Average Wage Requirements, effective January 1, 2015, the average annual wage for Charlotte County is $32,396, and are as follows:

1. $1,000 for Quality Jobs with salaries equal to or greater than the Florida Wage plus fifteen percent (15%), $37,255.
2. $1,500 for Quality Jobs with salaries equal to or greater than the Florida Wage plus fifty percent (50%), $48,594.
3. $2,000 for Quality Jobs with salaries equal to or greater than the Florida Wage plus one hundred percent (100%), $64,792.

Enterprise Florida, Inc. has identified certain target industries in its marketing and sales strategy. The list of qualifying industries is available at www.eflorida.com.

Capital Incentives

Capital Incentives are based upon specified levels of capital investments in the County. Capital investments are buildings, fixtures and all improvements to land, building and fixtures in the County. The rate for Land Improvement Incentives is $1,000 per $100,000 of real property value added to the County tax roll, during the business’s participation in the Program. The rate for Personal Property Incentives shall be $1,000 per $100,000 of value that the subject Personal Property adds to the tax roll under Title XIV, Florida Statutes, during the business’s participation in the Program. A business must meet the Quality Jobs and other requirements necessary to qualify as a Program participant in order to be eligible for Capital Incentives.

Payment of Incentives

Incentives are provided in the form of (a) set-offs or (b) direct compensation. If a participant owes the County sums for permitting, development, utility connection, impact or any similar fees, the participant will receive the incentive in the form of a set-off against the amount owed the County. If a participant does not owe the County any such sums, the participant will receive cash incentives. The intervals at which participants will receive incentive payments will be determined by the County on a case-by-case basis. The County shall consider various factors in this determination including the participant’s size, age, stage of development, potential for long-term success and other factors pertinent to the nature of the participant’s business operations and the welfare of the Program. Prior to the participant’s receipt of incentives, the County and the participant shall enter into a program agreement that is approved by the Board of County Commissioners.

Application Process

Program applications and a Program Agreement form may be obtained from the Charlotte County Economic Development Office by calling (941) 764-4941 or by visiting 18501 Murdock Circle, Suite 302, Port Charlotte, Florida 33948.
FLORIDA Inc.

BUSINESS INCENTIVES

Targeted Industry Incentives

Qualified Target Industry Tax Refund (QTI): The Qualified Target Industry Tax Refund incentive is available for companies that create high wage jobs in targeted high value-added industries. This incentive includes refunds on corporate income, sales, ad valorem, intangible personal property, insurance premium, and certain other taxes. Pre-approved applicants who create jobs in Florida receive tax refunds of $3,000 per net new Florida full-time equivalent job created; $6,000 in an Enterprise Zone or Rural Community (county). For businesses paying 150 percent of the average annual wage, add $1,000 per job; for businesses paying 200 percent of the average annual salary, add $2,000 per job; businesses falling within a designated high impact sector or increasing exports of its goods through a seaport or airport in the state by at least 10 percent in value or tonnage in each year of receiving a QTI refund, add $2,000 per job; projects locating in a designated Brownfield area (Brownfield Bonus) can add $2,500 per job. The local community where the company locates contributes 20 percent of the total tax refund. No more than 25 percent of the total refund approved may be taken in any single fiscal year. New or expanding businesses in selected targeted industries or corporate headquarters are eligible.

Qualified Defense and Space Contractor Tax Refund (QDSC): Florida is committed to preserving and growing its high technology employment base by giving Florida defense, homeland security, and space business contractors a competitive edge in consolidating contracts or subcontracts, acquiring new contracts, or converting contracts to commercial production. Pre-approved applicants creating or retaining jobs in Florida may receive tax refunds of $3,000 per net new Florida full-time equivalent job created or retained; $6,000 in an Enterprise Zone or rural county. For businesses paying 150 percent of the average annual wage, add $1,000 per job; for businesses paying 200 percent of the average annual salary, add $2,000 per job.

Capital Investment Tax Credit (CITC): The Capital Investment Tax Credit is used to attract and grow capital-intensive industries in Florida. It is an annual credit, provided for up to twenty years, against the corporate income tax. Eligible projects are those in designated high-impact portions of the following sectors: clean energy, biomedical technology, financial services, information technology, silicon technology, transportation equipment manufacturing, or be a corporate headquarters facility. Projects must also create a minimum of 100 jobs and invest at least $25 million in eligible capital costs. Eligible capital costs include all expenses incurred in the acquisition, construction, installation, and equipping of a project from the beginning of construction to the commencement of operations. The level of investment and the project’s Florida corporate income tax liability for the 20 years following commencement of operations determines the amount of the annual credit.

High Impact Performance Incentive Grant (HIPI): The High Impact Performance Incentive is a negotiated grant used to attract and grow major high impact facilities in Florida. Grants are provided to pre-approved applicants in certain high-impact sectors designated by the Florida Department of Economic Opportunity (DEO). In order to participate in the program, the project must: operate within designated high-impact portions of the following sectors—clean energy, corporate headquarters, financial services, life sciences, semiconductors, and transportation equipment manufacturing; create at least 50 new full-time equivalent jobs (if a R&D facility, create at least 25 new full-time equivalent jobs) in Florida in a three-year period; and make a cumulative investment in the state of at least $50 million (if a R&D facility, make a cumulative investment of at least $25 million) in a three-year period. Once recommended by Enterprise Florida, Inc. (EFI) and approved by DEO, the high impact business is awarded 50 percent of the eligible grant upon commencement of operations and the balance of the awarded grant once full employment and capital investment goals are met.

FLORIDA Inc.

BUSINESS INCENTIVES

Workforce Training Incentives

Quick Response Training Program (QRT): Quick Response Training (QRT) – an employer-driven training program designed to assist new value-added businesses and provide existing Florida businesses the necessary training for expansion. A state educational facility – community college, area technical center, school district or university – is available to assist with application and program development or delivery. The educational facility will also serve as fiscal agent for the project. The company may use in-house training, outside vendor training programs or the local educational entity to provide training.

Reimbursable training expenses include: instructors'/trainers' wages, curriculum development, and textbooks/manuals. This program is customized, flexible, and responsive to individual company needs. To learn more about the QRT program, visit CareerSource Florida.

Incumbent Worker Training Program (IWT): Incumbent Worker Training (IWT) – a program that provides training to currently employed workers to keep Florida's workforce competitive in a global economy and to retain existing businesses. The program is available to all Florida businesses that have been in operation for at least one year prior to application and require skills upgrade training for existing employees. Priority is given to businesses in targeted industries, Enterprise Zones, HUB Zones, Inner City Distressed areas, Rural Counties and areas, and Brownfield areas. For additional information on the IWT program, visit CareerSource Florida.

Infrastructure Incentives

Economic Development Transportation Fund: The Economic Development Transportation Fund, commonly referred to as the "Road Fund," is an incentive tool designed to alleviate transportation problems that adversely impact a specific company's location or expansion decision. The award amount is based on the number of new and retained jobs and the eligible transportation project costs, up to $3 million. The award is made to the local government on behalf of a specific business for public transportation improvements.

Special Opportunity Incentives

Rural Incentives: Florida encourages growth throughout the state by offering increased incentive awards and lower wage qualification thresholds in its rural counties. Additionally, a Rural Community Development Revolving Loan Fund and Rural Infrastructure Fund exist to meet the special needs that businesses encounter in rural counties.

Urban Incentives: Florida offers increased incentive awards and lower wage qualification thresholds for businesses locating in many urban core/inner city areas that are experiencing conditions affecting the economic viability of the community and hampering the self-sufficiency of the residents.

Enterprise Zone Incentives: Florida offers an assortment of tax incentives to businesses that choose to create employment within an enterprise zone, which is a specific geographic area targeted for economic revitalization. These include a sales and use tax credit, tax refund for business machinery and equipment used in an enterprise zone, sales tax refund for building materials used in an Enterprise Zone, and a sales tax exemption for electrical energy used in an enterprise zone.

Brownfield Incentives: Florida offers incentives to businesses that locate on a brownfield site with a Brownfield Site Rehabilitation Agreement (BSRA). The Brownfield Redevelopment Bonus Refund is available to encourage Brownfield redevelopment and job creation. Approved applicants receive tax refunds of up to $2,500 for each job created.
FOREIGN TRADE

Florida’s foreign trade had an estimated output volume of some $85 billion in merchandise exports in 2013. Florida ranked 7th in the U.S. in 2013 in exporting goods produced, or with significant value added, in the state.

Charlotte County’s geographic proximity to major foreign markets is highly advantageous. The Charlotte location greatly facilitates a company’s ability to distribute its products internationally, with easy access to both the European and South American markets. Charlotte County is equally accessible to Latin America and the Pacific Rim.

FOREIGN TRADE ZONE

A Foreign Trade Zone is a specially designated area, in or adjacent to a U.S. Customs Port of Entry, which is considered outside the customs territory of the U.S.

Charlotte County Airport Industrial Park is a Foreign Trade Zone. The land within the zone is considered to be outside customs territory of the U.S. For businesses going global, some of the benefits are: no duty is ever charged on merchandise while it is in the Zone; no duty is paid on goods transferred from one Zone to another; the lower duty rate between components and the finished product applies; no duty on rejected or defective parts; duty exemptions on re-exports, if merchandise is re-exported after being placed in the Zone, no duty is ever paid; duty elimination on waste and scrap; no duty on domestic content or value added, final duties are assessed on foreign contents only; and relief from local ad valorem taxes. Information about the National Association of Foreign-Trade Zones can be found at Internet Address: www.naftz.org

FLORIDA EXPORT FINANCE CORPORATION

The Florida Export Finance Corporation (FEFC) was created by the State of Florida as a not-for-profit corporation, with a mandate to expand employment and income opportunities by supporting the export of goods and services from the State.

The FEFC offers information, technical and consulting assistance to exporters throughout the State of Florida. Financial assistance, though, is their chief service. The FEFC will guarantee a lender’s revolving line up to a maximum of $500,000, and make direct loans for a single transaction up to a maximum of $50,000. Applicants for a direct loan or a loan guarantee must be exporters based in Florida who have been turned down by at least one potential lender.

The FEFC is a member of the City/State program of the Export-Import Bank of the United States and offers Florida exporters access to U.S. Government export assistance programs offered by the Ex-Im Bank and the SBA. Services include packaging for the loan, insurance and guarantee programs offered by these agencies. The FEFC is the holder of an Ex-Im Bank Umbrella Policy which allows Florida exporters easy access to political and credit risk insurance and has Ex-Im Bank delegated authority for working capital loan guarantees up to $1,000,000.

U.S. SMALL BUSINESS ADMINISTRATION (SBA) PROGRAMS

SBA Export Working Capital Program

The Export Working Capital (EWCP) loan provides advances for up to $5 million to fund export transactions from purchase order to collections. This loan has a low guaranty fee and quick processing time.

Application Process

Contact your local lender to see if they are approved to underwrite EWCP loans. You can apply for EWCP loans before finalizing an export sale or contract.

With an approved EWCP loan in place, you have greater flexibility in negotiating export payment terms. However, disbursements can only be made against firm purchase orders from a foreign buyer or to support foreign accounts receivable.

Use of Proceeds

- Financing for suppliers, inventory, WIP, or production of export goods or services
- Working capital to support foreign accounts receivable during long payment cycles
- Financing for stand-by letters of credit used as bid or performance bonds or as down payment guarantees

Contact your local U.S. Export Assistance Center to learn more about the Export Working Capital Program and whether your business qualifies.

SBA International Trade Loans

The International Trade Loan offers loans up to $5 million for fixed assets and working capital for businesses that plan to start or continue exporting.

Eligibility

International Trade Loans are available if your small business is in a position to expand existing export markets or develop new export markets. These loans are also available if your small business has been adversely affected by import competition and can demonstrate that the loan proceeds will improve your competitive position.

Use of Proceeds

The borrower may use loan proceeds to acquire, construct, renovate, modernize, improve, or expand facilities and equipment to be used in the United States to produce goods or service involved in international trade and to develop and penetrate foreign markets. Funds also may be used to refinance an existing loan.

Application Process

Contact your existing lender to determine if they are an SBA-approved 7(a) lender. If so, they are authorized to underwrite an International Trade Loan. SBA will work with your lender to determine borrower eligibility.

You also may contact your local U.S. Export Assistance Center to find out if your business qualifies for an International Trade Loan.

PATENTS AND TRADEMARKS

PATENTS

A patent for an invention is the grant of a property right to the inventor, issued by the United States Patent and Trademark Office. Generally, the term of a new patent is 20 years from the date on which the application for the patent was filed in the United States or, in special cases, from the date an earlier related application was filed, subject to the payment of maintenance fees. What is granted is not the right to make, use, offer for sale, sell or import, but the right to exclude others from making, using, offering for sale, selling or importing the invention.

U.S. patent grants are effective only within the United States, U.S. territories, and U.S. possessions. Under certain circumstances, patent term extensions or adjustments may be available.

TRADEMARKS

A trademark is a word, name, symbol, or device that is used in trade with goods to indicate the source of the goods and to distinguish them from the goods of others.

SERVICE MARKS

A servicemark is the same as a trademark except that it identifies and distinguishes the source of a service rather than a product.

The terms “trademark” and “mark” are commonly used to refer to both trademarks and servicemarks. Trademark rights may be used to prevent others from using a confusingly similar mark, but not to prevent others from making the same goods or from selling the same goods or services under a clearly different mark.

The U.S. Patent and Trademark Office cannot assist in preparation of application papers and strongly advises prospective applicants to engage the services of a patent attorney or agent. Applicants may consult the local telephone directory or see the EDO directory for a listing of EDO Attorney contacts (Appendix A).

www.uspto.gov
COPYRIGHTS

Copyright is a form of protection provided to the authors of "original works of authorship" including literary, dramatic, musical, artistic, and certain other intellectual works, both published and unpublished. The 1976 Copyright Act generally gives the owner of copyright the exclusive right to reproduce the copyrighted work, to prepare derivative works, to distribute copies or phonorecords of the copyrighted work, to perform the copyrighted work publicly, or to display the copyrighted work publicly. The copyright protects the form of expression rather than the subject matter of the writing.

It is illegal for anyone to violate any of the rights provided by the copyright code to the owner of copyright.

Copyrightable works include, but are not limited to the following categories:
1. Literary works;
2. Musical works, including any accompanying words;
3. Dramatic works including any accompanying music;
4. Pantomimes and choreographic works;
5. Pictorial, graphic and sculpture works;
6. Motion pictures and other audiovisual works;
7. Sound recording and
8. Architectural works.

INTERNATIONAL COPYRIGHT PROTECTION

There is no such thing as an "international copyright" that will automatically protect an author’s writings throughout the entire world.

Protection against unauthorized use in a particular country depends, basically, on the national laws of that country. However, most countries do offer protection to foreign works under certain conditions, and these conditions have been greatly simplified by international copyright treaties and conventions.

CHARLOTTE COUNTY ECONOMIC DEVELOPMENT OFFICE (EDO)

EDO’s MISSION

Encourage the recruitment, expansion and retention of diversified high impact industry

– Create high skill-high wage jobs
– Diversify the economy and tax base

The Economic Development Office’s (EDO) staff of economic development professionals provides an array of in-depth services for local, domestic and international businesses seeking assistance with relocation or expansion. These services, provided to our clients free of charge and on a confidential basis, include:

BUSINESS MEETINGS: Many business people find talking to representatives of local companies in a similar industry beneficial in the site selection process. The EDO arranges such meetings to help clients gauge the compatibility of their businesses with the marketplace. Additionally, the EDO can arrange meetings with local, state and federal agencies to discuss permitting, zoning, utilities and other important issues. Our office serves as Ombudsman to the business community.

COMMUNITY TOURS: The EDO introduces Charlotte County to its clients, highlighting the area’s business sites and facilities, housing, schools, cultural programs and quality of life. Individualized programs for relocating key employees to the area are also offered.

DEMOGRAPHIC AND STATISTICAL INFORMATION: The EDO’s research staff provides economic information on Charlotte County and Southwest Florida, such as demographics, utilities, taxes, wages, education, labor availability and costs, and support services.

EMPLOYEE TRAINING/RECRUITING: The EDO acts as a liaison between new and expanding businesses and local educational systems and the Southwest Florida Workforce Development Board to develop customized employee training and/or employment programs. Additionally, the EDO can assist with obtaining state grants for training.
FINANCIAL ASSISTANCE: Working with state and local agencies, the EDO can provide information on such funding sources as the Small Business Administration (SBA) and Enterprise Florida. The EDO will also arrange meetings with local financial institutions to discuss financing options.

SITE SELECTION: Working closely with area landowners, developers and brokers, the EDO maintains a database of available manufacturing, warehousing and office space, as well as industrial parks, office parks and freestanding sites. We can assist in locating available sites that meet your requirements.

WEB PAGE: The Charlotte County Economic Development Office provides business assistance on our web page.

EDO Workshops And Seminars
The EDO sponsors several small business development workshops and seminars throughout the year. FGCU’s Small Business Development Center provides trained instructors. Topics include:

- Marketing on a Shoestring
- Cash Flow Made Easy
- Using the Internet in Your Small Business
- What Your Small Business Needs to Succeed in Charlotte

CHARLOTTE COUNTY
Economic Development
SMALL BUSINESS DEVELOPMENT CENTER (SBDC)
The SBDC is a non-profit organization and is jointly funded through a Partnership between the U.S. Small Business Administration (SBA) and Florida Gulf Coast University’s (FGCU) College of Business.

SMALL BUSINESS ADMINISTRATION
The SBA has designed an Internet site to provide easy on-line access to many of the most frequently asked questions about business and the federal government. It also provides interactive tools that can be used to find solutions to situations involving the environment, health and safety, and permits companies to download many of the forms necessary for regulatory compliance.

For information go to:
www.sba.gov or http://business.usa.gov/

FLORIDA GULF COAST UNIVERSITY
The Small Business Development Center has a large and productive small business development program. Counseling sessions are confidential and free. The SBDC provides training programs and counseling on such aspects of business as:

♦ Financial and Accounting Analysis
♦ Procurement and Contracting Assistance
♦ Market Analysis
♦ Commercial Loan Packages
♦ Record Keeping
♦ Microcomputer Cost/Benefit Analysis
♦ Steps to Starting a Business
♦ How to Bid on Government and Other Contracts
♦ Personnel Management
♦ International Trade
♦ Business Plans
♦ Feasibility Studies

FLORIDA GULF COAST UNIVERSITY

Florida Gulf Coast University’s **Center for Leadership and Innovation** delivers the region’s premier executive and technology education programs, and provides a focal point for applied, consultative research in support of the business community of Southwest Florida. The center includes:

- The Executive MBA Program designed for mid- and senior-level executives, offering them the opportunity to significantly increase their personal and organizational effectiveness.
- The Lucas Institute for Real Estate Development and Finance serves as the primary linkage between FGCU and the local real estate industry, fostering academic programs of nationally recognized quality.
- The Small Business Development Center which delivers up-to-date counseling, training and technical assistance in all aspects of small business management.
- The Institute for Chinese Studies serving as the coordinating center with Nankai University as well as business leaders in China.
- The Regional Economic Research Institute which performs economic research, analysis and forecasting for both the region and the individual economic development organizations in the area.
- The Institute for Advances in Human Resources which is a great resource for Southwest Florida’s human resource management community.
- Adventure Training Concepts is a training partner of CLI, which specializes in leadership development, teambuilding, communication, organizational change, management training and empowerment.

THE CENTER FOR PROFESSIONAL DEVELOPMENT & CONTINUING EDUCATION

FLORIDA SOUTHWESTERN STATE COLLEGE

Continuing Education is a unique dimension of Florida SouthWestern State College which provides a variety of credit-free programs for all interests and age groups. Understanding that learning is a life-long experience, Continuing Education provides activities and courses conducted without the pressure of tests, grades, or home assignments. These programs provide an informal and inexpensive means for self-improvement. Some programs are offered in the form of workshops, seminars or classes that may be anywhere from one day to several weeks in duration.
CONTINUING EDUCATION
CHARLOTTE TECHNICAL CENTER (CTC)

Charlotte Technical Center is a school within the Charlotte County Public School District and is accredited by the Council on Occupational Education, and is approved by the Veterans State Approval Agency. The Center is a specialized post-secondary institution designed primarily to provide job preparation and supplemental training to persons who have completed high school, to persons that have left high school before graduation and to dual enrollment high school students.

The Center provides a variety of occupational training programs including: automotive, business and office technology, carpentry, computer applications, construction trades, cosmetology, nursing, dental assisting, electrograph assisting, phlebotomy, electronics, drafting, early childhood education, culinary arts. New programs are always being considered at Charlotte Technical Center. If your organization has a training need not mentioned here, call the Center for information.

CUSTOMIZED TRAINING

- CTC is also an exceptional resource for customized training at an affordable rate. Training can take place either at the Center or at the business site and courses are catered to the needs of the business.
- All of the Center’s programs are supported by an excellent library, a program for remedial studies and the GED, a program where a student can earn a high school diploma.

DISTANCE LEARNING

- CTC’s Distance Learning Department currently offers ten Web CT-based online courses of study in automotive technology, business, culinary arts, electronics and health.
- Each course is taught online allowing students the flexibility to complete their course of study “any time, anywhere” at their convenience.

SCORE - Business Management Counseling

SCORE (Service Corps of Retired Executives) is a service of the Government’s Small Business Administration (SBA). Its sole purpose is to guide people who are needing advice about starting a business or managing an existing business. Its service is confidential and without charge, no matter how many counseling sessions are needed.

SCORE is funded, in part, through the Small Business Administration headquarters in Washington, D.C. Other sources for funding come from workshops and seminars and through support from the local business community. The local chapter of SCORE offers entrepreneur counselors with street-smart, down-to-earth business experience.

Once you have contacted SCORE for assistance, you will be sent a “Request for Counseling” form. A counselor will be assigned and will contact you to schedule a meeting.

For more information or to obtain a “Request for Counseling Form” contact:
SCORE
1777 Tamiami Trail Suite 411
Port Charlotte, FL 33948
T - (941) 743-6179

CERTIFIED DEVELOPMENT CORPORATION (CDC)
SOUTHWEST FLORIDA REGIONAL DEVELOPMENT CORPORATION

The Southwest Florida Regional Development Corporation was approved by the Small Business Administration in May 1996, to operate as a “Certified Development Company” to promote the 504 loan program in Southwest Florida; with the overall goal of economic development in job creation and retention through assisting small businesses and the lending community to utilize government loan programs such as the SBA’s 504 and 7(a) programs.

For more information contact:
Southwest Florida Regional Development Corporation
8280 College Parkway, Suite 204
Fort Myers, FL 33919-4113

FLORIDA MANUFACTURING EXTENSION PARTNERSHIP (Florida MEP)

The Florida MEP assists small to medium-sized manufacturers to transform their businesses into high performing, globally competitive enterprises. The Florida MEP is part of a nationwide network of more than 70 not-for-profit centers whose sole purpose is to provide small and medium-sized businesses with the help and solutions they need to succeed. There are Centers in all 50 states, linked together through the Department of Commerce’s National Institute of Standards and Technology (NIST). This makes it possible for even the smallest firms in Florida to have access to more than 2,000 manufacturing and business specialists - including the staff of the Florida MEP and their specialized knowledge about doing business in Florida. Florida MEP can assist your business with the following matters:

• Plant layout
• Process improvements
• ISO 9000 / 14000
• Machinery automation / specification
• Computerization & manufacturing software
• Health & safety issues
• Environmental issues
• Marketing & business development
• Business planning
• Product development
• Technology transfer
• Supply chain management
• Energy audits

SPACE ALLIANCE TECHNOLOGY OUTREACH PROGRAM (SATOP)

The Technology Research and Development Authority (TRDA), Space Alliance Technology Outreach Program (SATOP), NASA and other leading organizations involved in the space program, provide fast technical assistance to all sizes and types of business at no cost. The goal of the program is to accelerate the transfer of 30 years of space program technology and expertise to the business sector; thereby making it easier for business to benefit from the collective resources of organizations allied through SATOP.
